## County Starts On Nov. 1st With Ambulances

Crawford County will begin on Tuesday, November 1st to offer ambulance service within the county operating as part of the Crawford County Sheriff's Department.

The Board of Supervisors purchased two used ambulances in Flint last week with which to offer the service. The two vehicles are Cadillacs, one a 1965, the other a 1960.

From now until November 1st, ambulance service in the county will continue to be offered by the Sorenson Funeral Home vehicle.

On November 1st and from then on, all calls for ambulance service should be made directly to the Sheriff's Department, 348-3131.

Ambulance service in Crawford County has been in question since last spring when A. J. Sorenson of the Sorenson Funeral Home announced that he was preparing to drop the service along with several other operators in north central lower Michigan.

Communities in which the funeral directors are located were listed as: Rose City, West Branch, Roscommon, Houghton Lake, Gaylord and Grayling.

Among reasons mentioned for the decision were these: a shortage of help, loss operations, damaging public relations resulting from inability at times to reach an emergency scene, soon enough to suit the general public, criticism for not administering oxygen when qualified personnel are not always available.

## St. Francis' Episcopal To Celebrate 10th Anniversary

It was only ten short years ago this November that the St. Francis Episcopal Church came into being. As early as 1904 interested people had attempted organizing the Episcopal Church in Grayling.

From late 1904 until 1956 a few interested people tried organizing the church and finally on November 4, 1956, the spark ignited. The first service of St. Francis Episcopal Mission was held at the Grayling Evangelical Lutheran Church with the Rev. Charles E. Edinger of Cheboygan conducting services. The Rev. Sidney S. Rood of All Saints, Houghton Lake conducted services until July 1957. On May 12, 1957, the Rt. Rev. R. S. Emrich, Bishop of Michigan Diocese made his first annual visit to St. Francis and confirmed the first confirmation class of 12.

The first Rector of St. Francis was the Rev. Colin Campbell, Jr. of Birmingham, Michigan, who held his first service on July 21, 1957. Rev. Campbell was the Rector at St. Francis until July of 1963 at which time he received a call to St. Clare's of Assisi Episcopal Church in Ann Arbor, Michigan.

In July of 1963 the Rev. Charles McMahon became Vicar of St. Francis and remained as Vicar until June 1966, at which time he became a chaplain with the U. S. Marines.

The Rev. McMahon was followed by the Rev. J. R. C. Patterson who came to Grayling from the Diocese of Algoma of Canada.

In Feb. of 1968, St. Francis Episcopal Church bought the property where the present church stands. After diligent planning by the members of the Parish, ground was broken for the new church on June 4, 1968 and on Sunday, Sept. 30, 1968, the first service was held in the new structure. Dedication followed on October 28, 1968 by the Rt. Rev. R. S. Emrich, Bishop of the Diocese of Michigan. Even though the dream of their own church was realized by the members of St. Francis they began plans for future projects. In early 1962 the church bought the present Rectory on Michigan Avenue.

In July of 1964 the Women of the Church opened the Thrift Shop on Peninsular Avenue.

The members of St. Francis are not only working for the building of the church but for the community of Grayling, and so it seems

# Harbor Rams Here Friday

## City Manager At International Conference

PHOENIX — The nation's top problem — cities — will draw more than 800 city managers here October 28-29 for the 52nd annual conference of the International City Managers' Association. Grayling's City Manager Harold S. Cliff flew from Traverse City on Sunday to be in attendance.

During four days of sessions at the Towne House, city administrators from Canada, the United States and Western Europe will examine all aspects of the urban problem from policy development to demands and reforms facing cities.

Spotlighting the federal attack on urban problems, keynote speaker Robert C. Wood, undersecretary of the Department of Housing and Urban Development, will discuss the role of the new Department on the urban scene.

Conference sessions, often running concurrently, will probe "The Science of Urban Economics," "Creative Solutions to the Metropolitan Problem," and "Urban Politics in Policy Decision."

Citizen Involvement in Urban Government will draw a featured conference spot with concurrent sessions emphasizing the role of the church, schools, and business and labor in city government. In another session, top administrators from England and Sweden will outline problems in their cities.

At 10 workshop sessions managers will discuss how to implement and improve programs of their cities including federal program on rehabilitation and urban renewal, beautification and open space, and poverty. Other workshops will include discussions of the increasing crime rate, training policies and programs, labor negotiations, and fiscal resources.

Managers will examine critical urban issues of housing, employment and poverty with experts Frank E. Hotchkiss, vice-president Victor Gruen Associates; Raymond Male, Commissioner of Labor and Industry, state of New Jersey; and Maxwell Lehman, former Deputy Administrator, New York City, and consultant on the poverty program.

To solve these problems, managers often must apply new techniques. At the 52nd annual conference they'll learn about the systems approach, developing a climate for administrative creativity, and a fiscal structure in tune with urban society.

Since its inception in 1912, more than 2,000 cities in North America — including 77 in Canada — are operating under the council manager plan with more than 1,800 communities in Western Europe, including England, Norway, Sweden, West Germany, Ireland, and Finland, using it. An average of 75 cities convert to the plan each year.

## Vikings Lose To Rayders, 26 - 19

The Grayling Vikings after putting on a fine scoring game against the Charlevoix Rayders lost 26 to 19 last Friday night at the west coast town. This week, on Friday night Grayling will entertain the Harbor Springs Rams.

The Rams hold a two won, three loss record in conference play this season to Grayling's one and four. Against common opponents this year, Harbor lost to Gaylord 24 to 0 while the Blue Devils edged Grayling only 31 to 25. Harbor defeated Mancelona 13 to 12 while the Ironmen stopped Grayling 14 to 12. Boyne dumped Harbor 33 to 7 while they could only score a 12 to 3 win over the Vikings. Harbor whipped Pellston 27 to 0 while Grayling won over the Hornets 20 to 0. From these comparative scores, the game rates almost as a tossup.

Last Friday night besides Grayling's loss to Charlevoix, East Jordan stopped Harbor 14 to 13, Gaylord edged by Mancelona 19 to 13 and Boyne continued undefeated 14 to 0 over Pellston who was dedicating their new lighted field.

This Friday besides the Viking-Rams fray, Boyne City is at Gaylord in a big one, East Jordan is at Charlevoix and Pellston at Mancelona.

Last Friday night at Charlevoix a poor first half spelled the ball game for Grayling. The Vikings completed but one of ten passes for a mere 18 yards. Charlevoix led at half-time 7 to 0 on a 67 yard run by Levi McClellan.

In the second half Grayling played the host team even, each scored 19 points. Grayling's Dave Bailey on the third play from scrimmage after the kickoff rambled 60 yards for a touchdown with Tom Hatfield kicking the point to knot the score 7 to 7.

Ralph Doan then took a 23 yard scoring pass for Charlevoix with the PAT added for a 14 to 7 lead. Charlevoix came right back with a 7 yard burst over right tackle by Alan Veenstra as six Grayling tacklers missed him. The point after was missed and the Rayders led 20 to 7.

Barry Holmes then started hitting Dave Bailey with passes and Grayling moved to the Rayders' 33 where Bailey took a draw play up the middle to score. The point was missed and the Rayders led only by 20 to 13. Grayling tried an outside kickoff but Charlevoix recovered. Dave Nethers then picked off a Rayder serial and returned it 35 yards to the Rayders' 40. A pass Bailey to Nethers drove to the Charlevoix 15 where Barry Holmes lifted a pass to Hatfield for a score. A pass for point was broken up and the score was 20 to 19.

Grayling, gambling to get the ball, let a Rayder back skip to the Grayling one yard line where Veenstra punched over. This made the final score 26 to 19. Grayling got the ball with only 9 seconds left but had moved to Charlevoix's 20 yard line as the gun sounded.

Grayling suffered no serious injuries. Bailey carried for Grayling 21 times for 209 yards. Holmes completed 5 of 19 passes for 51 yards.

The little Vikings kept up their winning ways stopping the Petoskey St. Francis junior varsity 13 to 7 at Petoskey last Thursday.

The little Viking attack was slowed as Mike Smock had been moved up to the varsity squad. St. Francis was leading 7 to 0 up to the middle of the third quarter when Allan Lowe went 45 yards to score. The PAT was missed and the score was 7 to 6 in favor of St. Francis. Midway in the 4th quarter, Grayling again got the ball and Lowe broke over right tackle and went 70 yards to score. Rod Hinkle added the extra point and the score was 13 to 7. Petoskey trying desperately to get back in the game started a passing attack. Grayling picked off a St. Francis pass and ran out the clock. The game ended with Grayling on the 15 yard line threatening to score again.

Films of this game will be available to see this Wednesday and Thursday evenings during the parent-teacher conferences. They will be shown in Mr. Wieland's room.

## "Soil And Water Conservation District"

by Willard Bosserman, GENRA

Some people have expressed an interest in organizing a Soil and Water Conservation District in Roscommon and Crawford Counties. In the past, districts were organized primarily to protect soil and water on farm lands. More recently a need for conservation of all lands and water has been recognized. It is with this thought that land owners of these two counties are beginning to ask questions about what a district can do for them.

Some of the services available to a district are, a detailed soil and land capability map can be made on an individual, association or cooperative piece of land. This is important for land owners who wish to plan a piece of property to determine the most suitable building site and help determine lot size.

Technicians can give specific information about land use. They can give technical service as needed to design, lay out, and check the construction of dams, terraces, or other structures the land owner may decide to build.

Persons who are interested in having such a district organized might call the Cooperative Extension Service office, Roscommon, 275-5043. This expression of interest will be helpful in getting a district organized.

## Bear Bows Pack Wallop in '67

All 1967 Bear target and tournament bows will feature radical design changes and improvements. Bows affected by these changes include the HC-30, Tamerlane, Kodiak Special, Polar, Alaskan, Bearcat and Tigercat.

Exclusive with Bear bows this year is a new "Action Core" of cross laminated wood. The company considers this the greatest advancement in bow construction since Fred Bear introduced the glass-powered bow.

"Action Core" consists of many thin strips of wood, laminated together in such a fashion that grain in the action is laid perpendicular to those on either side. This gives limbs greater flexibility - makes draw easier - keeps release true.

A second feature on most of the bows is a standard quick-connect for optional use of the new Bear Inertial Stabilizers. The stabilizers come in 14 and 22-inch lengths and are made of chrome-plated aluminum with stainless steel heads.

Bear Inertial Stabilizers were designed with the assistance of a university research scientist. The Bear stabilizers provide maximum weight at the tip of the rod while minimizing weight between bow and rod tip. These stabilizers virtually eliminate rod vibration and wobble.

Stabilizers add extra stability to the launching platform and give the extra one per cent fine tuning to the shooter's individual style.

The last major design change applies to the HC-30 and Tamerlane. For the first time these bows are available in a 72-inch length. Made possible through a new super-recurve design, these are modern archery's first practical six-foot bows. Archers of average height can use the bow easily.

The improved draw angle in the longer bow, which reduces pinch at the nock, and easy draw made possible by the Action Core combine with the extra stability available in the optional inertial stabilizer to make the two top-of-the-line Bear target bows the most efficient launching platforms ever devised.

For further information on the new Bear bows, write Bear Archery Company, Grayling, Mich.

## Worms Are Turning . . .

In the early days of railroad expansion, when no one was barred in building our trans-continental railroads, a pioneer in the race coined the phrase, "The public be damned!", when his toes were stepped on. The public won't stay damned, and the railroads are offering today from restrictive legislation that followed arrogance and abuse of power. Now labor unions, which were exempted from the antitrust laws that followed the "public-be-damned" era in business, have led a "public-be-damned" attitude of their own. They will take just one or two more nationwide strikes, and on regardless of national security and public inconvenience, and the labor bosses may find themselves subjected to legislative restriction, just as industry bosses did a half century ago. They have learned from the past that the U. S. people just won't be damned forever by anybody.

### V. F. W. POST 3736

Comrades, we have some 67 members now listed at Department and National. We are a little slow on this but we do have a start. Can any of you give us a hand to build this figure? How many new applications can we see and act upon at our next meeting? Last week on the 18th District Commander Harold Small and District Inspector Don Gimney were here to inspect our books. All was on the up and up at that time so let's see what can be done to better ourselves.

There has been some talk and some ideas for our post colors. Come on down and give us a hand with ideas of your own too.

We have finished and sent in our audit report and thanks to the comrades who helped make it possible. How many of the officers or members will be able to attend a District meeting? The District meeting is November 6 and anyone wanting to go should contact me. The dinner will be at 12 noon, \$1.75 per member, with a meeting afterwards.

We also now have our post charter.

Our next meeting will be at the American Legion Hall on November 9 at 8 p. m. so come on in. Let's show go for 1967.

If you are now using natural Gas (or plan to) for cooking, water heating, clothes drying or gaslights, and your use is equal to that of our average residential customer, you can get your Gas for heating under our special service rate at a cost equivalent to fuel oil priced at just 11¢ a gallon. And the nice thing about our Gas rates is that

the more you use, the less it costs per unit. That's a bargain in anybody's book. (Can't pay for the cost of conversion right now? Here's good news: whether you convert your present furnace, or even install a new Gas furnace, we will pay for it and its installation by a Gas Company approved heating contractor. And except for the Gas

you use, it won't cost you a penny until May, 1967.

So make your present oil furnace more economical this winter. Convert to economical natural Gas. Then you can start putting your money in the bank. Call us today for the name of a Gas Company approved heating contractor and full details.

# MADSEN - COLE VOWS SPOKEN

The marriage vows of Miss Sherrice Ann Madsen, daughter of Mr. and Mrs. Howard R. Madsen of Star Route, Grayling, and Mr. Robert John Cole, son of Mr. and Mrs. Julius L. Cole of Saginaw, were spoken at 2 o'clock Saturday afternoon, October 1, 1966, at the Michelson Memorial Methodist Church. The double-ring ceremony was performed by the Reverend R. C. Puffer before some seventy guests. Music was by Mrs. Arthur Feldhauser, grandmother of the bride, who played "The Trumpet Tune in D Major" and sang two solos, "The Lord's Prayer" and "At Dawning." The chancel bouquets were white mums with lemon leaf, and the altar bouquet was of white roses, pink and white carnations and lemon leaves. Given in marriage by her father, the bride chose a delustrated satin gown styled with an Empire bodice and portrait neckline trimmed with Alencon lace. Her bell-shaped skirt was fashioned with a chapel train. The brief sleeves were also edged with Alencon lace. A shell Alencon lace petal hat with crystals and pearls held her cathedral veil. She carried a cascade bouquet of white roses, pearl fans, white tulle and ribbon.

Attending the bride were her sister, Miss Shirley Madsen as maid of honor, Miss Sharon Williams of Saginaw and Miss Toni Madsen of Grayling as bridesmaids. They all wore floor-length sheaths with pink crepe skirts and wine-colored velvet bodices fashioned with scooped necklines and bracelet sleeves with velvet ruffle edged with white Venice lace matched with a Venice lace line on the bodices. A cluster of velvet roses held their face veils. They carried pink and wine velvet ribbons. Serving as best man was Mr. James Cole of Saginaw, brother of the bridegroom. Groomsmen were Mark Cole of Saginaw, another brother, and Mr. Thomas Smith of Bridgeport. The guests were seated by Mr. Robert Bagerski of Saginaw and Mr. Howard S. Madsen of Grayling.

For her daughter's wedding, Mrs. Madsen chose a royal blue dress with lace bodice and crepe skirt with accessories in royal blue set off by a white rose corsage. Mother of the bridegroom chose a silver metallic dress and

**Home Extension News**

The Northwoods Home Extension  
Study Group held its first fall meet-  
ing at the home of Mrs. William  
Schreiber Sept. 13 with only four  
members present. Because of low  
attendance nothing was decided on  
future projects. A delicious lunch  
was served by the hostess.

The second meeting of the group  
was held with Mrs. Clayton Hilde-  
brand as hostess on Oct. 14, with all  
members present. Meeting was  
called to order by chairman Mrs.  
Eleanor Filley. The secretary and

treasurer's report was read and ap-  
proved. Future projects were dis-  
cussed and decided upon. Mrs.  
Clifton Papendick gave a full re-  
port on the activities of the Offic-  
ers Training meeting held in Ros-  
common Sept. 28. The two penny  
prizes, one held over from the first

meeting, were won by Joan Schrei-  
ber and Eleanor Filley. The group  
decided to change the dates of  
some meetings to coincide with the  
Extension Lesson dates so members  
can attend these lessons. It was al-  
so agreed, at the request of Mrs.  
Warren Hatfield, that all meetings  
after Nov. 1 be held at her home.

This meeting was closed and the  
hostess served a very nice lunch.

Oct. 18 the group met at Mrs.  
Eleanor Filley's with only one mem-  
ber absent. The sec'y-treas. report  
was read and approved. Business  
was taken care of in the usual  
manner and officers' names enter-  
ed in the Homemaker's Yearbook.

We then proceeded to work on the  
new projects. The penny prize  
went to Mrs. Clayton Hildebrand  
and a delicious lunch was served  
by the hostess.

When the U.S.  
sends a man into  
space, an Accutron  
timepiece usually  
goes with him.

Why on earth  
do you need one?

For the same reason he does.  
So you can tell what time it is.  
Precisely.

The Accutron® movement is  
used in Explorer, Telstar, TIROS  
and Pegasus satellites, as well  
as Gemini. The vibrations of a  
tiny tuning fork divide each sec-  
ond into 360 equal parts. And  
make Accutron time so precise,  
we guarantee it within 60 sec-  
onds a month. About two sec-  
onds a day.

What's more, this is the ac-  
curacy this timepiece can be  
expected to keep long after  
man has conquered space.

By then, earth may not be  
the only place you'll need one.
